

Care for Creation  
By Kathryn Lien  
July 21, 2025

Mother Earth is having a moment in Catholic circles. With Pope Francis' groundbreaking encyclical *Laudato Si'* celebrating its 10<sup>th</sup> anniversary this year, dioceses and parishes around the globe are stepping up their commitment to Care for the Earth. This includes our diocese of St. Paul-Minneapolis and our parish. When you visit [www.laudatosimovement.org](http://www.laudatosimovement.org), you will find stories of people all over the world working to bring the good news of climate work to those they love. And there is much to do.

In *Laudate Deum*, Pope Francis' 2023 follow-up to *Laudato Si'*, the Holy Father admonishes our slow response to the challenges facing the earth and, ultimately, the human family, reminding us that "our care for one another and our care for the earth are intimately bound together."

With the death of Pope Francis, there was the question regarding the focus on Creation and how it might be altered. Pope Leo IV has not only continued the zeal that Pope Francis showed in *Laudato Si'*, but he has also released his own message with an accompanying sense of urgency. You can find it [here](#). There are so many ways to engage in climate action. Here at St. Mary's, JPOC has a Care for Creation working group. You can contact Kathryn Lien at [kathrynannlien@gmail.com](mailto:kathrynannlien@gmail.com) to learn more. At the diocesan level, you can become part of the *Laudato Si'* movement. Visit [www.laudatosimovement.org](http://www.laudatosimovement.org) or explore the Minnesota Catholic Conference website on "Our Common Home." Nationally, Catholics are working together through the Catholic Climate Covenant, found [here](#). Little or much, creation needs your attention. Let us join St. Francis in his Canticle of Creation and praise God's gift to us all!
